

2022 MI SHOWS POINTS ON LINE REGISTRATION

<https://form.jotform.com/212195212447047>

New for the 2022 show season the committee has decided to use an online registration system and will not be accepting registrations in person or by mail. This updated jotform system will allow you to return to your original registration and add required information (registration papers and/or MI bred forms). Before visiting the web link we suggest you have the following information available:

MARKET ANIMALS:

- 840 tag number (EID Tag #)
- Breed
- Photo of registration paper. (if papers are NA you can add later.)
- MI Bred form, completed
- credit/debit card to facilitate payment

HEIFERS:

- 840 tag number (EID Tag #)
- Breed
- Heifer birthdate
- Photo of registration paper. (if papers are NA you can add later.)
- MI Bred form, completed
- credit/debit card to facilitate payment

REGISTER EACH YOUTH SEPARATELY

- You can enter 1 or as many as 4 animals on this initial registration. After completing the initial registration information, the jotform will allow you to review all information prior to submitting.
- After review and submission, jotform will send you an email. **KEEP TRACK OF THIS EMAIL.** The email will include a link for you to return to the registration form. With this return link you can add photos of registration forms and or photo of MI Bred form.
- This return link will be your only option for submitting these papers/forms. We do not want you to email them to us.
- This update/return option will not allow you to add additional animals for this exhibitor. If you decide to add another animal for this exhibitor (after the initial registration) you will need to open a new registration (return to the original jotform).

It will be very helpful to us to have all the information available in a single worksheet, including registration and MI bred paperwork. We are hoping you find the new jotform easy to navigate. If you have questions regarding this form – please reach out to Carla McLachlan on FB messenger – or drop an email to us at MIShowsPoints@gmail.com

THANK YOU!
